But in case the pain becomes severe, contact your doctor. The doctor will prescribe [tramadol to ease your pain](#). It helps in giving relief from moderate to extreme kinds of pain. However, you can easily buy tramadol online.

You may get prescribed [tramadol online too](#). This medication works very much like opioid analgesics. It works in the brain to change how the body feels and reacts to the pain.

How will you [take the proper dosage of tramadol?](#)

[Take the pills of tramadol](#) in oral form. However, it would help if you took it every 4 to 6 hours per the severity of the case. You may take it with or without food. However, this won't matter much.

Consult your doctor if you are suffering from a condition of nausea. The doctor shall try many ways to minimize the effect of nausea. Do lay down for 1 to 2 hours with little head movement.

However, the dosage depends on the following factors:-
