1 - a new life

It's a calm day in Konoha. People are going about their business. Soon a shadow appears on the horizon, this is Sukotsu Konohime the star of the story. Most people don't know him but some have heard of him. His homeland is unknown of by most. In truth he was the one who killed Orochimaru not Sasuke. His clan, the Konohime clan, is a clan of outcasts because of their kekke-genkai. Sukotsu has lived and been exiled from many villages. He has arrived in Konoha to try and live a normal life. Little does he know this is the home of the Land of Fire's squad 7.

Konoha, land of fire, and Orochimaru are owned by the naruto series

2 - The First Day

Starting from where chapter 1 left off: Sukotsu Konohime has just reached the border of the Leaf Village. He walks through the gate and is approached by the guards "May I see some identification?"the guard asked as he walked up to him "hmmm" Sakotsu said as he reached into his bag,he pulled out a chain of village headbands tied together "Wait are you-"the guard was about to ask but Sukotsu nodded from under his hood. "Um go ahead sorry to keep you waiting."the guard said stepping out of the way. "Lady Tsunade is waiting in her office."said the guard. Soon the hooded Sukotsu walked through the village. Many people were questioning who he was. He soon arrived at Lady Tsunades office. He knocks on the door. "Who is it? What do you want?"said Tsunade. He opens the door and enters. "I am the ninja of a thousand villiages." said Sukotsu. It was true Sukotsu was a part of many villages. He had something to remind him of each village. Of course the object was valuable to the village. Walking with him was of course his favorite cat, Blackie. Aside from his odd powers and skills he was also known in some places as the Cat Sage. Since he was a child his family noticed he had a connection with the feline species. They then taught him to summon cats, talk with them and learn their skills, he has used this in his fighting style. Sukotsu then says, "I have come to take my application test.". But with no other records than what he provides(which isnt very much) can he pass the test? Find out next time on Chapter 3: The Big Test!
