# 1 - zaks pokemon adventure

The wind blew while zak was staring at the beautiful horizon. He was just about to turn ten and was ready to go out on his own. Accompanied by his aron, he and him sought out to be the greatest pokemon trainer in history. Maybe even make a few friends to come along with him. "well aron, were almost ready to set off." but he would have to defeat his teacher in a battle to prove he was ready. tomorrow went by in a snap, he was exited. he went to class and he sat next to his two friends. " hey zak, when you win do you think we can come along with you?" said his friend samantha. Samantha was just about zaks age but a little bit younger she had frosty blue eyes and black long hair about down to her waist. she always wore black and blue. zak was secretly in love with samantha but he couldnt find the courage to tell her, he had been friends with samantha and his other friend, jeff. Jeff was short kid, older than zak though, he had jet black hair and light green eyes. " yeah, we'll all pass that exam and we shall all be the best trainers ever", said jeff. " i dont know, there can only be one greatest trainer", said samantha. " well when the time comes, i wish the best for the both of you", said zak. Time passes by, which felt like days to zak, he was nervous and afraid he wouldnt pass. " Zak Champion?". "yes thats me". " come, it is your turn". zak came with the assistant, he waved at samantha and jeff, they waved back. " our student zak champion will be battling his teach mrs. uchiha." she drew her pokeball, as well as zak did. " go, roselia!" from the depths of the pokemon came a beautiful pokemon with roses for hands. " alright lets do this, go aron!". aron was a like a tiny spotted dog expet had the shell of steel. they stared down each other, zak got more nervous by the second fantasizing about his defeat."roselia, magical leaf!". roselia spun around and out whiped two glowing razor sharp leaves. " uh, uh, aron iron defense!" aron balled up and hardened its outer shell, the leaves ricocheted off him." now, headbutt!. aron charged toward roselia. "roselia, solarbeam!" roselia's roses lit up."aww man, aron isnt fast enough to make to roselia before she makes that solarbeam, think, think, uhhh.....come on man, oh i know, aron mud-slap!" aron stopped and kicked up a pile of dirt and hit roselia. roselia lost her accuracy and missed aron with its solarbeam."now metal claw!" aron charged towards roselia and made a direct hit. " oh no, roselia" said the teacher. "now finished this off with double-edge!". aron glew a bright white color and charged full force, since aron has the "rock-head" ability he takes no recoil.roselia tried to stand up but couldnt gather the strength. "roselia is unable to battle, zak wins! and for his reward, he gets one item off the table of items and his right to go out on his own to become a pokemon trainer" said the prinicple (also the judge). they were calling for samantha for the next final exam. she gave him a hug on the way there, zak blushed." i hope you pass", said zak. "dont worry i will". zak went out to jeff and waited. after 2 hours of waiting they all passed the exams with flying colors. "alright! its just the three of us now, next stop pewter city!" said zak.

So thus begins the start of a long and great adventure with zak, jeff, and samantha who set off to each become one of the best trainers in the world.

so tell me what you think, if i get good reviews, ill make another one kay?

## 2 - the teams first badge

IM MAKING ANOTHER ONE ANYWAY!!!!!!

zak and the gang walked along to pewter city, when they made it there, they headed straight for pewter city. they arrived at the gym, zak hesitated for a second but he walked through boldly but nervous because it was his first gym battle. "brock, where are you?", "brocks not here but im his substitute". it was brocks dad, "are all of you here for a gym battle or just you?". "all of us want a badge", said jeff. "alright, its going to be a single round battle each, who's up first?" "i am", said zak. "go get'em zak", said samantha. zak smiled and faced his opponent. he threw his pokeball out "go, onix!" Zak was about to back down, but deep inside he knew if he was gonna be the best, he couldn't be afraid of anything. after several moments he threw out his pokemon. "go aron!" "let the battle begin", said the judge. "onix, slam attack!" onix swung his huge tail at aron. "aron, jump on onix's tail and use double-edge". aron jumped on onix's incoming tail and rushed toward its head and made a direct hit. it fell to the ground, "come on onix get up!" onix gathered its strength and stood up. "now, onix, dragon breath!". "aron, mud shot." aron kicked up a huge stream of dirt and used it to neutralize the blast. "now metal claw, end this!" aron hit onix and it was super effective. "onix is unable to battle zak wins, next up is samantha rose". samantha stepped up to the platform. "go, marowak", said brocks dad (i forgot his name). "come on out sableye", said samantha. "a ghost pokemon, i wouldn't take you for a ghost lover". "i had this pokemon since i was a kid and im gonna raise a team of ghosts, just wait and see!, now back to the task at hand." "right, marowak foresight!". marowak made sableye effective against normal and fighting moves. "bone club!", "sableye double team!" sableye split apart and marowak hit the wrong image. "now shadow ball". sableye created a ball of dark matter and chucked it at marowak. "marowak, get rid of it!" marowak hit the ball sending it flying in the air. "sableye, spike it right back at him". sableye jumped in the air and spiked the ball back at marowak. marowak got hit and lost balance. "now shadow punch!", sableye dashed towards marowak, "marowak grab it!", suddenly marowak regained its balance and grabbed sableye's hand. "no, sableye!", "now hit it with bone club and don't hold back!" marowak lifted his club preparing to strike. "sableye night shade" sableye disappeared. "what!" marowak was on caution, waiting for sableye to strike. "grab it now sableye" sableye grabbed marowak from behind. "now hypnosis", since marowak couldn't move, he could do nothing to resist sableye's hypnosis spell. "now dream eater!" sableye entered marowak's body, moments went by, marowak fell to the ground and sableye emerged from his body. "marowak is unable to battle, samantha wins, next is jeff zero." jeff hi-fived samantha as she walked by. "go, machop!" "go, bagon!". "let me guess your gonna train dragons right." "wow, how'd ya know." he said sarcastically. "machop cross-chop" "bagon, dodge it!" machop aimed for bagon but he just got away. machop hit the ground leaving a crater. "wow that things tough" "machop, earthquake!". machop was about to hit the ground. "bagon charge in there!" "are you nuts jeff!" said zak. "trust me." bagon charged in, "now get under his hands". machop charged down with his hands but hit bagon's head, there was a loud crack, he broke all four of his hands. "you should have known bagon's head is harder than steel." "that was genius jeff", said samantha. "bagon flamethrower!" bagon shot a burst of flame at machop. he fell over. "now wnd this with head butt" bagon jumped in the air and came crashing down on machop, hitting him like a car. machop was unconscious. "machop is unable to battle, jeff wins". "you all deserve this badge, you guys are excellent trainers, i know you guys will be the best someday" they walked out of the gym with a

symbol of experience: the boulder badge (only 23 more to go). " next stop cerulean city, but were gonna cut through onix ridge though", said zak."are you insane zak, its dangerous!". "well its faster and besides i need an onix". "for what, i thought you were gonna have an all steel team?" "uh hello, i have a metal coat, you know, the one i got from the item table after graduation.""oh yeah, well i guess were going".

so, or young trainers with their frst badge set off straight for the next and zak will be getting a new pokemon soon. stay tuned for more of zaks adventure
