BLACK

by:kayla

black is so intense
it's struggle and it's strain
black is bold and fierce
it's darkness and it's pain
black learks within our shadows
consumes the depth of night
colors in our sins
soaks up all the light
black is inside heartache
it thrives on our despair
black is full of mystery
it hides what isn't there
black lives in our deception
it tells us only lies
it leaves us cold and empty

it's seen inside our eyes
black is full of fear
that never goes away
you can leave the lights on
but it will always stay
