# 1 - Camisado

*The I.V. and your hospital bed*

*This was no accident*

*This was a therapeutic chain of events*

This could not be happening.

Broken Ribs.

Who could have done this?

Hemorage.

The doctors say it was probably someone he knew, someone who was close to him.

Internal Bleeding.

Someone who could hurt him, and then he would forgive him.

Coma.

The doctor left.

Tears streamed down my face.

I broke down on the floor.

I just should have known,

From the bruising and scars,

From how he never let anyone in.

From how he looked away if you mentioned 'family'.

From how he told me in such a subtle way...

*It's not so pleasant*

*And it's not so conventional*

*It sure as hell ain't normal*

*But we deal, we deal*

**Hes just a 'disgrace'.**
