# 1 - rainy day

rainy days. by wajahah.

it was a cold fall day , the clouds were coing fast and amy knew it was gonna be a long rainy day. Her hair was blowing in the wind, she loved days like this but today somthing was troubling her. Tears welled in her eyes befor she relized it a couple tears drop near her nose. She quickly wiped them away as she saw jake coming. Hi jake said. Jake was her best friend and they always walked home , but she had a somthing hiding, she loved him. so as they were walking home she was trying not to look at him but he noticed, Amy why are you acting wierd today he said , then he softly grabbed her chin and their noses got so close they almost touched. Amy moved her head becuse she was uncomfortable. He looked her in the eyes and she gave him a sad look back before she continued on her way, She heard a rumble of thunder of in the distance she knew a storm was brewing and she still had a distance to go before she got home. She held her school books tighter before she felt a drizzel falling, Amy knelt down took of her back pack and put the books in. Then she fell , and Jake put his hand out for her to grab. She did but not without blushing. Then all of a sudden it started raining hard. Jake sighed then he said this, you know Amy in my old land when it stormed and you were in it you would give your confessions to somone. oh....really. Amy said blushing. Then suddenly lightning hit along with a loud rumble of thunder. Amy's clothes were soaked and she shivered. jake who's clothes were also soaked , he said, do you wanna say your confession first. Amy blushed but she noddod. Ummm Jake. Yesss. jake said. I love you. she blushed as she said that. he grabbed her close he ran his fingers trough her hair, and then they kissed right when the lightning struck and thunder rolled. Their lips wet as they smiled , So did you like this confession , Jake asked which sounded more like a sigh. Oh yes, she smiled. Then they kissed, while she thought this could turn to be a great year after all.

The end.
