1 - Kakashi and The New Villager

Hatake Kakashi sat on the couch in his house reading a book. He looked at the clock.

'Ah about another 10 minutes and I'll be good,' he thought. He went back to reading. He read about 15 pages then he checked the clock again. "It's time to go." he said to himself. He put the book in his room and left the house.

He walked down the familiar road to the Academy to greet his team. After a 10 minute walk, he arrived. He climbed the stairs to the 2nd floor and was met by Iruka Sensei in the hallway.

"Oh hey Kakashi! Team 7 is waiting for you in the classroom ..." he said.

"Ok, thank you Iruka." Kakashi replied and headed down the hall. When he came to the right door he opened it and backed away. Soon an eraser (the ones for the chalk boards ya know?) Fell from the top of the door.

"Dammit!!!" Kakashi heard Naruto say, loudly.

"Naruto would you shut up already?! I TOLD you not to do it!" Sakura said to Naruto. (That was SO cool!!!!) * Inner Sakura *

"Naruto, you've done it so many times the Sensei probably knows it's gonna happen ... Idiot ..." a boy in the corner said. It was Sasuke.

"Sasuke!!! Why I oda-" Naruto didn't finish.

"Naruto," Kakashi started. "He's right."

"I hate those words." Naruto said.

"So Kakashi Sensei! What are you teaching us today?" Sakura asked.

"I'm not teaching today. Today we have a mission here in town so we better get started." After explaining what their mission was, they all left.

+ ~ + After The Mission + ~ +

"Ok Team 7! Today went great!" Naruto said to his team.

“Yeah but you got beat up. AGAIN!” Sasuke and Sakura said. Kakashi chuckled.

“SO! What’s your point?” Naruto asked.

“Ok team, our mission is over so you’re dismissed. I’ll see you 3 later.” Kakashi told them.

“Ok, bye Sensei! See you tomorrow!” Sakura said, running home.

“Humph,” grunted Sasuke.

While limping home, Naruto said, “Yeah, bye Sensei!”

After he had said good-bye, Kakashi walked towards the Report Center (I don’t know what it’s called but it’s where they give their reports of the missions they do. Peoples like kakashi do this. Just in case your confused.)

He opened the door and stepped in. He looked around. The Hokage was up front talking to a woman. They were the only ones in there except for Iruka who was behind the counter. He walked up to the counter.

Iruka looked up at him. “Hey! So how did the mission go?”

“Naruto got beat up.”

“Again!?” Iruka wasn’t surprised. This had happened at mostly all of there past missions.

Kakashi said, “Yeah, again...” They both laughed.

“Oh Kakashi! I didn’t see you come in!” Lord Hokage called to him. “Come here for a second, please.” Kakashi walked over towards him. “Kakashi I’d like you to meet someone.” he turned towards the woman. “This is Kira. Kira this is Hatake Kakashi, one of the best Ninjas in Konohagakure Village.”

The woman named Kira smiled. “It’s nice to meet you Kakashi.”

“It’s nice to meet you ...” ‘She has such a BEAUTIFUL voice!’ he thought.

“Kakashi, I was wondering ... Can I have a word real fast? Excuse us real fast Kira.”

“It’s ok, I’ll go wait over there.” she walked to the couch and sat down.

“Yes Lord Hokage?” Kakashi asked.

“I need Kira to be another team leader for team 7. Not saying that you’re not doing a good job its just she’s not friend this Village. She is also a very good Ninja.”

“Um, t-that’s, ok I guess....” Kakashi said. Wondering if there was anything else.

“There’s something else.” Lord Hokage said.

'How did I know?' Kakashi thought.

"She needs a place to stay. Is it alright if she stays with you for the time being?"

"U-uhhhhh" 'What do I say!?' he thought. "Um, it's fine with me....yeah ok."

"Ok, Kakashi. Kira, come here." Lord Hokage said. Once she came over the Hokage whispered into her ear what was going on.

Her eyes widened. "What!?! Oh thank you Kakashi! You really didn't have to do that!"

"No, it's ok! Really! Come on, we'd better be heading to my house." They left, leaving Iruka and Hokage by themselves.

"Wow ... I thought he was gonna say 'no'!" Iruka said, while laughing.

## 2 - The New Home and Some New Friends

The sun was still setting, so it made a beautiful red-orange glow on the village. While walking home, Kakashi had looked over to see Kira and he saw that the sunlight had made a beautiful glow upon her pretty tanned skin. The glow, along with her wonderfully colored blue eyes, the lightest brown and darker blond hair, her slender body, and the way she carried herself when she walked! She, Kakashi thought, had to of had been the most beautiful woman in the world! He walked on, in awe. Kira looked up at him.

“Kakashi, is there something wrong?” she asked.

“N-No I was just looking at the sunset.” he replied.

“Yes, it’s pretty isn’t it?” she smiled.

“Yes, it is.” ‘But that’s not what I’m talking about’ he thought.

They kept on walking till they reached Kakashi’s house, and Kira’s new home. Kakashi opened the door but let Kira go in first.

“Wow... This is your home? It’s... comforting.” she said.

“Come on, I’ll show you around.” He led her through the hallway to the kitchen, bathroom, and all over the place. And the last he showed was her room. “Now, I’m right across the hall so if you need me, you can come get me anytime.”

“Alright, thank you SO much for doing this Kakashi.” she said, with glistening yes.

“Hey, it’s no problem. Now, for tomorrow. We are leaving early and we are going to meet your new team at the Academy. I’ll show you there since you...don’t know where anything is. Well, I know it’s kinda late, but would you like something to eat?”

“No, I’m fine thank you. Um, I’m pretty tired so I’m gonna go to bed.”

“Alright, night Kira.” Kakashi opened the door to his room and left Kira standing in the hallway. What they both didn’t know was when they both went to bed that night, both Kira and Kakashi were thinking about each other.

+ ~ + The Next Morning + ~ +

The next morning, Kira woke up, got dressed and headed to the kitchen. She walked in and sat down at

the counter, not noticing that Kakashi was in there, fixing some breakfast. "Hey sleepy-head," he said to her. "Sleep well?" she looked up and kinda slightly screamed, fell backwards and hit the floor with a THUD. He walked over to her. "Kira are you ok!?" he asked. She sat up, her hand on her head. "Yeah, I'm still slightly asleep and you kinda, sorta, scared me ..." she said.

"I'm sorry, it was an accident."

"Don't worry about it. Whatcha making?" She sniffed the air.

"Nothing much just some eggs. Want some?" he turned towards her.

"Thanks, but I don't eat breakfast." She saw the stare he gave her. "I know, I know, I'm weird, but if I eat breakfast I get sick. Been that way ever since I was little..."

"Oh," was all he said. He looked at the clock. "Oh we need to get going! Or Naruto will be mad at me..."

"N-Naruto?" she said, confused..

"Oh, I haven't told you who is in the team! Ok I'll tell you on the way there." They walked out the door, and on there way to the Academy, Kakashi explained to Kira who was in there group, what was special about each person, and so on....All the good things that she'll need to know. By the time they got to the school, Kira knew who each person was, an what was going on.....And what Kakashi was going to teach them. Kakashi walked up the usual hallway, Kira following behind. He opened the door but Kira was gonna go straight through but he grabbed her waist and pulled her back, and this time 2 more erasers fell to the ground.

"W-what was that!?" she said, looking at him.

"That would be the making of Naruto: The Prankster in the group."

She looked down at the eraser, then back to Kakashi. "Oooooohhhh...." she said.

"DAMMIT!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! You CAN'T be serious!!!" Naruto yelled."

"And that would be Naruto," Kakashi whispered to Kira. "Naruto! Stop your yelling! I'm gonna miss every time you do it!" They both walked in.

"Yeah but- Wait! Sensei, who is this?" Naruto asked. Sasuke and Sakura looked up and stared at Kira. When Sasuke saw her, his eyes widened.

"Team 7, this is your new leader." Kakashi said.

"WHAT!?:" They said screamed.

"I kid, I kid. No this is another Sensei. Kira, team 7. Team 7, Kira." Kakashi introduced them.

“Uh, h-hi! Um...” Kira stammered.

Sakura walked up to her and said, “He have another girl!? ALRIGHT!!!”

“Let me guess, you are Sakura right? Yes, Kakashi has told me all about you three.” She pointed to Sasuke then to Naruto. “You are Sasuke and you are Naruto.” Sasuke nodded but Naruto yelled, “Yeah she knows my name!”

“Well, as of right now, she’s your perminate teacher but I’m here to. You just now have two Sensei’s.” Kakashi told them while stepping forward.

Naruto squinted his eyes. “Is that a GOOD or a BAD thing?”

Sakura hit him. “You are an IDIOT!!” she yelled at him.

“Hey you two stop fighting ok? You are a team!” Kira said. They all stared at her.

Sasuke said to himself, “She has a point....” But he didn’t know that Kira DID hear him. She smiled.

“Well, since we all know each other now, it’s time to start the day.” Kakashi told them.

“What are we doing today sensei? Do we have another mission?” Naruto asked.

“No, that’s tomorrow. Today is training but we’re fighting. Just to see where you three are at.” he said. He led them outside and told them his plans.

“Ok, who wants to go against me first?” Kakashi asked his team. Nobody raised their hands.

“Oh come on you guys! If nobody wants to go I’ll be choosing myself. So, now who wants to go.” Kira told them. Still, nobody raised there hands but Sasuke and Sakura pushed out Naruto. “Good! Naruto’s going first.” she said.

“What!? Wait, no- I mean! AHHHH!” he turned towards Sasuke. “I’m going to hurt you later.” he walked off.

Kira, Sasuke, and Sakura watched from the side while Kakashi and Naruto fought

“This will be over quick Sensei!” Naruto yelled towards him.

“I’ll believe that when it happens Naruto!” he yelled back. The match wasn’t short. It went on for an hour. After Naruto limped off the field, Kira chose Sakura to go next. She and Kakashi fought, a little less time but she did more damage. Before Sasuke went up, Kira walked to Kakashi.

“Kakashi, can I fight this one? I’ve watched very closely to the last two fights, I know what to do.”

“Are you sure? Hmm, alright. You can go.” he said to her.

When Sasuke turned to look towards Kakashi, he almost fell backwards when he saw that it was Kira he was going to fight."W-What are you doing.....!?" he Sasuke asked.

"What does it look like? I'm going to fight you." Kira told him.

'Sasuke looks scared! Why would he be scared? Is he afraid of Kira?' Sakura thought.

"You can't possibly think that I will fight you Kira!" Sasuke yelled at her.

"Oh but I do, Sasuke. Now!" she threw her hand up. "I want to see how much you've grown since I've last seen you! Let's begin!"

### 3 - The Secret Is Let Out

“.....” Sasuke went silent.

“Wh - What’s going on?” Naruto asked.

“What is it Sasuke? Don’t you remember?” Kira asked Sasuke.

“How could I forget... sister...” he said...sweetly.

Kakashi’s eyes grew wide. “No....”

“WHAT?!” Naruto and Sakura yelled.

“You CAN’T be serious!” Sakura said.

Sasuke looked down at the ground, then to the sky, then finally straight at Kira. “How long has it been Kira?”

“Sasuke.... I am glad you remember me... But now is not the time. I will explain everything to you later but for now... Now is the time we fight! I want to see how much you’ve grown and don’t hold back on me just because I’m your sister!” Kira yelled. She ran ahead and disappeared.

Sasuke backed away and looked around. He looked up then jumped backwards. Kira jump down when a Kunai Knife. He ran towards her and kicked her ion the stomach. She flew 20 feet away but jumped right back up.

“Hmmm, not bad little brother... You’ve gotten good. But I hope you remember even more.” She laughed.

Sasuke looked at her. “What...are you talking about?!” he yelled.

Kira looked at him and smiled. “No of course you don’t... I should’ve remembered that..... Hmmm, well I guess I’ll just have to remind you then brother!” she twisted around and vanished.

Sasuke became scared. “Oh no..” he said.

“Kakashi...?” Sakura turned towards him. “What’s going on...?”

He looked at her. “I do not know...we shall wait and find out soon enough...” ‘I think I know what it is..’ he thought.

Sasuke didn’t move from his spot.

'He looks like he knows what was going on but...at the same time, he doesn't! It's like he's confused and doesn't know what to do!' Naruto thought.

It got quite... It was completely silent when Sasuke gasped! Kira appeared behind him!

Kakashi looked closely at her. Her hair was down (it was up before I forgot to mention this) and it was covering her left eye. But there was a sudden gust of wind and it moved the hair from her face and right then and there Kakashi saw it!

Right there in front of him, Kira, had a Sharingan Eye! Kakashi couldn't believe it. 'But wait! She didn't have it this morning! What the heck's going on?!' Kakashi thought.

Kira read his mind and spoke telepathically to him 'Oh your catching on Kakashi!' He stared at her, unable to even think. Kira looked up at him and winked. She said (through the mind still) 'All will be explained. Trust me.'

And Kakashi said, 'I trust you'. This surprised Kira, but she smiled then looked at the back of Sasuke's neck. "Now, my dear little brother, I believe you remember my special skill now huh?"

"Yes," Sasuke replied. "I do my big sister. But, that's not going to help you win this fight!" He turned around, grabbed one of Kira's arms and threw her in the air. She then landed on her hands (like a handstand you know?) And jumped backwards. As soon as her feet touched the ground she blasted her mind with his.

Sasuke screamed in pain, and fell to the floor. Sakura screamed. "SASUKE!"

"N—NO!!! I won't let you win! Not after the promise I made to you!" he screamed. He stood up, swayed a little then ran and punched Kira. It was so hard she screamed and fell to the ground. He ran towards her and stood there. She stood up and yelled, "ENOUGH!" she stared at Sasuke, a little stream of blood running down the side of her mouth. "You pass...my little brother."

He pulled a hanker-chief thingy (just, go with what I wrote its like a napkin ok?) And gave it to her. "Sorry... your kinda, well bleeding."

"I am?!" she wiped her mouth and looked at the napkin thingy. "Oh shoot your right!" She laughed. "Oh well! Ah, nothing I'm not used to right?" Sasuke looked at her funny.

"SASUKE!" he looked around and soon a flash of pink flew into his vision and Sakura had her arms around him. "Oh Sasuke!! Are you alright?!"

"Sakura I'm FINE Now get off of me!" he pushed her off of him and stood there. Kakashi soon joined them and stared at Kira.

"Well, Team 7," he said. "Your all doing very well with your fighting and the techniques you use. We will not meet tomorrow so the day after tomorrow is when we will meet next." he told them.

Naruto looked at him. "Where will we meet and what will we be doing Sensei?" he asked.

"We will meet at the bridge and I don't know what we are doing just yet. Your dismissed."

Seeing that Sasuke looked mad, Sakura didn't waste her time in getting yelled at by him so she left without saying good-bye. Naruto, following close behind her.

After they left, Kakashi looked at Kira, who was looking at Sasuke, who was looking at the ground. Kakashi walked up to Kira, who soon looked up to him.

"So," he said, whispering into her ear. "Mind telling me what is going on?" he asked.

She whispered back, "Not now.. I'll tell you later, ok?"

"Ok, how about over dinner?" he looked at her.

Kira smiled and said, "I'd like that. We can leave in a little bit but..." She looked at Sasuke. "I need to talk to him real fast." She left Kakashi and walked over towards her brother. She stopped in front of him and said, "Sasuke?"

He looked at her and crossed his arms. "You know, I am really glad to see you, Kira, but.... why has it taken you so long?"

Kira got sad...You could tell by her eyes. She looked at the ground. "I had to wait this long. I'm sorry I tried to come back to you as soon as I could but....I'm here now aren't I?" she asked.

"Yeah, but why couldn't you of had been there when I was little? When I needed you the most?" he stared at her for a few minutes. No one saying anything. He said, "I'll see you later." and walked on home.

Kira watched him leave, about to say something, but didn't. Kakashi watched her closely as she walked back up to him. "Come on, let's go."

4 - The Truth

Kira grabbed Kakashi's left hand and started pulling him away. She was squeezing his hand and almost doing a fast walk. Kakashi pulled her hand back, stop and turned Kira to try and face him. "Kira, what's going on with you?" he asked, being suddenly worried about her.

She stared up at him. She looked at the ground. Silence came between them, then Kakashi looked at the ground and noticed water spots in the dirt. He looked up and saw the Kira was crying.

"Kira....?Oh Kira, hey, it's ok..." he walked closer to her. With a sudden "oh!" from Kakashi, Kira ran into his semi open arms and cried on his chest. With knowing nothing of how to handle the situation, he wrapped his arms around Kira and just held her. Kira, being in the state, just kept crying on him. "Kira, in order for me to help you, you need to tell me what's wrong and what is also going on." he told her.

She pulled away, wiped her tears, and looked up at him; eyes still flowing with tears. "Y-You're right Kakashi... After the way your helping me, letting me stay in your house, you deserve an explanation.... I-" she was cut off.

Kakashi put a finger to lips. "Shhhh, not here. Let's talk about it over dinner. I promised that to you anyways didn't I?" he smiled. "Come on." Without waiting for an answer from her, Kakashi grabbed Kira's hand and gently pulled her towards town.

'Hmmm.... Can I trust Kakashi? And if I can, will he accept me for who I am and who I'm related to?' Kira thought. Without knowing that Kakashi was watching her, she rubbed her hand over her left eye; and the Sharingan Eye.

Kakashi and Kira, now walking at a steady pace, walked on through the trees, trying to find a place to eat. Kira had already let go of Kakashi's hand, and was now looking around. Kakashi, same as the night before, was staring at Kira. Watching her every movement, the setting sun putting a nice orange glow upon her skin. He kept staring, and soon Kira looked up at him, and he turned his head away; blushing. Kira giggled to herself.

After awhile they reached a Ramen Noodle place. They sat at the table in the booth (I know that in the manga it's a big long booth but this is my story! Live with it :P) in the back, Kira and Kakashi sitting opposite of each other. A few minutes passed and they ordered, now sitting in silence, waiting for their food. Kakashi leaned forward, eager to know more about this mysterious women that was right in front of him.

"So, where shall we begin?" he stared at her... Not the kind of stare where its like they want you to tell me so I can gossip stare, but....the caring stare like...take your time, im here to listen and help you stare.

Kira looked at him then sighed. "Ok, well as you probably already guessed. I am Sasuke's sister." Kakashi nodded. "My name is Uchiha Kira, I am Sasuke's older sister and..... um well...." she stopped. "You're what... Kira?" Kakashi asked.

Kira got up and sat next to him. She leaned over and whispered in Kakashi's ear, "I'm Itachi's twin sister..." she pulled back. Kakashi looked at her.

"Really?" he asked.

She stared back at him. "Yes...Really."

"Um, excuse me but I have your food." Kakashi and Kira both turned around. The waiter WAS standing there with their order. He placed the food down and left them...alone again.

They began to eat...the first few bites in silence but Kakashi soon broke that. "So," he said. "What happened?"

"What do you mean?" Kira asked him.

"Like, Sasuke said that you weren't there when he was little...."

Kira put down her fork. "Oh, well um. When...when Itachi attacked our village...he didn't bother trying to kill Sasuke but me...he tried to kill me....and....well he fought. But in the end, he won...he um...stabbed me a few times, sliced my neck, and did something else..I just don't remember what... Well I wasn't dead.... I can't die."

"W-WHAT!? That's impossible!!" Kakashi said.

Kira looked at him. "Not when your me. See, I am a very special girl..uh woman I guess... As you know I have a Sharingan Eye correct?" Kakashi nodded. "Well when I was born, this Eye gave me special powers. I can hide my eye so nobody knows about it, I cannot die...But there is ONE spot on my body that if somebody stabbed me, I would die. Me, and me ALONE, only knows where it is. Well, Itachi thought I was dead and I had thought he had gotten Sasuke so...I left. Well, after he left our village he found me, again. We fought once again, and this time, he did way more damage to me then the last." Kira shifted in her seat. "After he left me to bleed to death, someone from a near-by town found me and nourished me to health....that took a few months for a full recovery....then, I went around. Training by myself, then after awhile I started thinking. 'I wanna see my brother again'. Cause when we were little me and Sasuke were very close. I understand why he's mad at me. I should not of left him.....All alone. Not knowing what to do... I'm a horrible sister." She set both her hands on the table.

Kakashi sat there; trying to remember everything she had told him. He looked at her then, even surprising himself, he took hold of one of her hands and just, held it there; not letting go. Kira looked at his hand then up to his face. She smiled.... but it was a sad smile. One that told Kakashi that she is hurt and needs help.... "Come on, let's go home. Its been a long and tiring day. But we have tomorrow off so, that'll do us some good." Kakashi left the money on the table and they left. Neither Kakashi nor Kira had let go of each others hands. They kept them intertwined, both of them seeming to like it.

"So, today, during your match against Sasuke... You read my mind! Please tell me about that." Kakashi asked her.

"Oh..." Kira blushed. "Well, this certain Sharingan Eye is generic. I got it from my mother. And with hits

one I'm allowed to read the opponents, well, actually anyone's mind, and I can also make them insane. Like how Sasuke all of a sudden stopped and grabbed his head. I pushed my mind into his head and tried to take control. So..yeah. That's one of the reasons Itachi resented me. Was because I got everything."

It was now completely black outside. Lamp posts and the full moon being their only source of light. "Everything? Like what?" Kakashi asked her.

"Oh let's see..... People didn't ignore me or, they let me do things with them. I got the "Family Eye" as my mom called it. Um, I got my fighting and Ninja skills from my dad, and the rest I taught myself. I was loved by people, family, and my friends. I think he wanted what I had. We're twins right?"

"Right..."

Kira laughed to herself. "We don't even have the same birthday." she said.

Kakashi stopped. "Ok, now your just confusing me even more. How is that possible?"

"Well, when my mom went into labor, it was 10 P.M. My mom had Itachi at 11:55 P.M. that same night. And I was born at 12:12 A.M. the next day..." she smiled. "Weird huh?" he nodded. They continued their walk.

'Hmmm...I like this. This new feeling. Holding her hand. Knowing I make her happy. I think I'm falling for her.' Kakashi thought.

You know, this story is very fun to write! ^^

well, I hope you all like it so far. This is my fav chapter so far. Kakashi's finally starting to realize he is starting to get feelings for Kira! =3

5 - A Night To Remember

Kakashi and Kira kept walking their way; hand in hand. Once in a while Kakashi would look over and slightly stare at Kira. One time she looked over and saw him watching her. She stared back and they both turned away; both blushing and too embarrassed to say anything that might ruin the moment.

After awhile from walking from the restaurant, Kakashi finally spoke up. "What would you like to do Kira?"

"Me? Why's it always me?" she asked.

"Because....." he blushed again.

Kira smiled to herself 'I really, REALLY like Kakashi. He's nice and treats me.... well. I don't wanna lose this feeling.' Kira thought. "Oh, I dunno..." She looked up at the moon. "The moon."

"Huh?"

Kira looked and smiled at Kakashi. "The moon." She pointed at it. "It's pretty."

"Yes it is..." 'Like you.' he thought.

"I remember, that when I was little. When I had a bad day or something, my dad would take me, just me, and we would walk out of town to this one place on a hill. A nice, hill that overlooked the entire town! It was the most beautiful I had ever seen. It was the best spot to lie on the grass and watch the stars. My dad would take me there, and, we would sit close together and gaze at the moon. And he'd tell me.... he'd tell that, when you have a bad day. Take care of it."

"Take care of it? What do you mean?" Kakashi asked.

"Like, when you have a bad day, don't let it bring yourself down. Take care of it and maybe after awhile it'll turn into a good day." she smiled then sighed.

"What's wrong Kira?" Kakashi looked at her.

"I, I miss those days." They were now on a bridge over a nice flowing river. She let go of Kakashi's hand and walked to one of the railings and stood there with her hands on the rail. "I miss my mom, I miss Sasuke not being like he is. I want my old life back. I miss my family and....." she didn't finish the sentence.

Kakashi walked over to her, kinda beside her but kept his space. "Kira, I know you miss it. There are a few things in this world that I do miss. But you know what?" she looked at him. "It's ok to miss those things. It's ok to, feel sad once in awhile." he took both of her hands in his this time. "Because when you're sad.... I'll always be here for you. If you need me to." Kakashi was the one to sigh this time. "Kira I

need to tell you something--”

“KAKASHI!! KIRA!!!!!!” Someone called them.

“I know that voice...” Kakashi said. They both turned their heads and when Kakashi immediately saw that the person was Iruka, he let go of Kira’s hands and yelled back, as if nothing happened, “Hey Iruka!! What’s up? You need something?”

“No, I just thought I’d say hi! I just took Naruto home. I took him out to eat. So yeah... What are you guys doing? Were you two holding hands?”

Kira spoke up. “No Iruka. I thought I had a cut or a splinter in one of my hands so Kakashi was checking.”

Iruka looked at her funny. “Well alright. I’ll see you guys later. Bye!” he walked off.

‘Oh my god that was close...’ they both thought.

“So um...well, like I said BEFORE I was interrupted—“ Kakashi was cut off again by Kira getting closer and giving him a kiss on the cheek.

“Thank you, Kakashi. For everything.”

Kakashi blushed slightly and took her hand. “Oh well your welcome. Come on, let’s go home.”

~ + (At Kakashi’s House) + ~

Kakashi and Kira walked up to the front of Kakashi’s house but he didn’t seem like he was gonna open the door. Kira looked at him funny.

“Aren’t... ..aren’t we going inside?”

“Well see that’s the thing Kira, I wanted to ask you something.” He looked over at the wooden bench he had on his porch. “Would you...like to sit with me and look at the stars?”

She smiled and sat down on the bench; waiting for him. “I’d love that.”

Kakashi smiled back and sat down next to her. They sat in silence; apparently neither of them knowing what to do or say. After about 10 minutes, Kira began shivering. Kakashi looked over towards her direction and got up without saying anything.

“Kakashi?” Kira said, confused. He came back a moment later with a very big blanket. He threw it around her so it was wrapped around her. “Thank you Kakashi! Ok now I’m warm.” she tugged the

blanket around her some more.

"Your welcome." he smiled. He looked up. The sky was clear. There were no clouds in sight.

Once again, silence fell between the of them. Neither one moved nor said anything. After about another 10 minutes, Kakashi shivered. Kira looked ta him then smiled. Without saying a word she scooted closer to him and wrapped the blanket around him to. So no they both were under it.

"Oh, thank you Kira."

She giggled. "Don't mention it." She laid her head on Kakashi's should as she scooted even closer to him. She then looped her arm through his and Kakashi jumped a little. He looked at her then put his head on top of hers. Kakashi and Kira both smiled.

Kira looked up and laughed. "Kakashi look up there!" She pointed towards the sky. "It's a shooting star! Look and another over there!"

Kakashi said nothing but just kept staring.... He couldn't stop. It was in his blood to look at this beautiful creature that was upon his shoulder. Kira looped her hand through his should again and turned her head to him. She saw him staring.

"What Kakashi?" she giggled and blushed.

"Oh, um... I was just thinking...of something." 'Or someone' he thought.

"Like what?"

"Oh just...what I'm gonna do with Team 7 and...." he looked at Kira straight in the eyes. "And how beautiful you are..." he said, relieved as to get that out.

Her eyes began to widen. She whispered, "What did you just say...?"

His face got closer to hers. "I was thinking of how beautiful you look...and are."

She looked down. "I'm not beautiful. These scars make me ugly."

"Scars? What scars?" Kakashi asked. Kira put her head back and pointed the a long 5 in scar that reached all the way across her neck. "This scar and..." she stood up and lifted her shirt and there all along her stomach were big circular round ones, then a long one that went around her entire stomach. Kira then put her shirt down then just stood there. Kakashi looked at the ground then back up to Kira. He took her hand and pulled her into his lap where he wrapped his arms around her. She gasped but Kakashi just held her.

"Kira I....I don't care about those scars. Forget the scars! Don't let the past make you who you will eventually become." he looked at her. Kira just stared at him; her eyes wide. A single tear began to fall from her face but Kakashi brushed it away with his thumb.

"Kakashi...." she leaned forward and wrapped her arms around his neck and laid her head on her

should, sobbing. "Kakashi.....these scars, remind me of who I am and what I have done to deserve them."

"Kira from what you told me you didn't do anything to deserve them!" he held her close.

She didn't say anything. She just laid there, trying to stop crying. Kakashi rocked back and forth; as if trying to stop a baby from trying to cry. After awhile Kira stopped crying but she fell asleep. Kakashi stayed there for a few more minutes just holding her then he stood up and carried her to her room. He opened the door and laid her down on the bed. Her head plopped on the pillow as he wrapped the covers around her slender body. Before he left, Kakashi brushed his hand through her long, soft and silky hair. "Kira," he whispered. "I am so sorry if I made you remember things that you didn't want to. I never want to hurt you. Please know that." He leaned down and brushed his lips over hers ever-so-softly then after like 10 seconds he pulled away. And at the doorway he stood there. Watching her. He walked out and before he closed the door, he said,

"I love you Kira."

6 - The Dream

~Kira's Dream

Silence. That was all there was.. Silence in the village. Nothing more.....

Kira walked through her house looking for her mother. She searched for a pretty long time till she said to herself, "Oh well, I'll find her alter I guess." All of a sudden...

"AHHHHHHH!!!! ITACHI STO-----" Silence once again. Kira turned around to where she thought the scream came from.

Her heart began beating faster than normal. "Mom? MOM!" She ran outside and there stood the back of her twin brother: Itachi. He turned his head towards her then moved aside.

Kira gasped then covered her mouth with her hands. "MOM!!!!" she screamed.

Right there where Itachi was standing, was Kira's dead mom: Yuri. Blood draped around her body. Her eyes, as if looking for something, were wide open and staring straight at Kira.

Kira backed away and held her stomach with one hand. As if she was going to throw up. She turned towards her brother. Her own blood. "Itachi what in the world are you doing?!?!" she yelled at him. He just stared at her.

"What do you think I'm doing. It's payback for what they did to me." Kira opened her mouth, about to say something until Itachi run very quickly up to her and grabbed her throat and pulled her up; trying to choke her to the death.

"I-ITACHI! LET ME GO!"

"No my sister I will not!! If it's payback for them," he looked at their dead mother. Then back to Kira. "THEN IT'S PAYBACK FOR YOU TO!!"

Kira saw no more.... For everything went dark and clouded her vision.

~~(End of Kira's Dream)~~

Kira screamed and tossed and turned. "No!!!! No don't----- STOP!!!!!!!!!" She screamed and yelled until her bedroom door burst open and Kakashi appeared behind it; frightened.

He ran up to her, grabbing her shoulders, and trying to pull her up to get her to stop twisting herself in the bed. "KIRA!!! Kira stop its ok!!" she stopped and starting crying..... She wrapped her arms around

Kakashi and squeezed him; being scared to death.

“KAKASHI!!!!!!” she cried on his chest while saying his name over and over.

“Kira... Oh Kira shhhhhhhh..... It’s ok... it’s ok.” he began stroking her hair to try and calm her down. He sat down, picked up Kira and set her in his lap; holding her. Kakashi continued stroking her hair and well over an hour later, Kira began calming down....

“Kakashi....” she whispered.

“Yes Kira?”

“I’m...so...sorry...” she fell asleep.

‘Why....why is she sorry? Oh well...let’s get her back to bed Kakashi.’ he thought; and talking to himself.

Instead of putting Kira back in her bed, Kakashi took Kira to his room, placed her in his bed, and wrapped the covers around her; not getting in himself. Instead of sleeping in his own bed for the rest of the night, he sat against the wall that had a good watching spot so he could watch Kira to see if she had another nightmare.

He was pretty good at staying up but tonight, it wasn’t at all like that. He was drozy and his eyelids wanting to close so he could fall in a peaceful slumber. But, he couldn’t help it. With a slightly loud THUD, Kakashi fell to the floor (even though he was sitting down) and fell asleep.

~ + ~ The Next Morning ~ + ~

Everywhere in Kakashi’s house was quite. There was no sound, except for the wind in the trees outside. Leaves of different colors were scattered around the ground. Birds, slightly chirping. But that was all.

In the house, Kira stirred and opened her eyelids slowly. When they were fully opened, she looked around; lost. “Where... Where am I?” she said out loud. She sat up and looked around. She placed her head on her hand and groaned. “My head is throbbing. Why? What happened last night?” she asked herself. Then she looked to her right and jumped, making her fall entirely off the bed.

There was Kakashi. Still sound asleep and breathing like a child in a nap.

She stood up and walked over to him. Walking on her tip-toes; trying real hard to not wake him up. She knelt down by his side and stared at him. Never fully realizing how beautiful he really was. She whispered, “Wow..... he’s really.... beautiful.....” she blushed. Now realizing the words she had just said. She leaned closer and was so close that she was about to.....

The, out of nowhere, Kakashi slowly opened his eyes. And stared into Kira’s.

Kira's eyes widened and she jumped back saying, "AGH!! KAKASHI!! I...I'm so sorry! I didn't mean....." she was cut off by Kakashi taking her hand and pulling her up.

He said, "Kira... it's ok, I don't mind. Come on. I'll make you some breakfast."

"But I don't—" cut off once again.

He stared at her then pulled her to the kitchen. "You'll eat and love my breakfast. Trust me."

"Alright," she whispered. "Kakashi."

They headed through the hall to the kitchen where Kakashi made Kira sit at the counter. "Now, what would you like?" he said to her while getting on the other side.

"Hmm, Mr. Chef Kakashi. What can you make?" she rested her elbows on the counter."

He stared at her. "Just about anything... Tell you what. It'll be a surprise. Just because your so special." Once he turned around both him and Kira blushed.

After a few minutes, Kira finally managed to say, "Ok,"

It got quite between the two besides the sizzling of something cooking on the stove. Kira sniffed the air. "Mmmmmmmmm...." she said. Kakashi slightly turned his head and looked at her. He smiled and returned to making breakfast. Kakashi wanted to talk more. He liked having conversations with Kira. They made him feel all tingly inside. But before he could say anything, Kira said something first.

"So, Kakashi. What happened last night?"

He looked at her. "You really want to know?" She nodded. "Alright... Well, last night when we were sitting on the bench out front, you starting crying and I held you. You eventually went to sleep so I put you in your bed, then I went to bed myself. It was about...sometime in the middle of the night that you woke up screaming your lungs out. I think you had a night-mare." He looked at her. Seeing her confusing face. "I then brought you to me bed so I could watch you. I tended to stay up all night but I couldn't, so I feel asleep. The you woke up and we're here."

"Oh, Kakashi you didn't have to do that!"

"Yes I did. You were scared to death. You were squeezing me, crying, and saying my name. And you also said something about 'No, don't...stop'? I don't really remember but...it was something like that. Humm." He went to the cabinet and pulled out 2 plates. He went back to the stove and put sausage, bacon, eggs, and toast on each plate. He gave one to Kira and set one down for his self.

Kira stared at it. "Holy crap that looks good." She picked up her fork and took a bite of the sausage. "Oh my god that's delicious! Kakashi where did you learn to cook?" She took more bites of everything. "No where. I taught myself." Kira looked at him funny.

“Really?”

“Yes, really.”

“Hmm, I taught myself how to draw.” Kakashi stared at her.

“You taught yourself to draw? Really? You got any drawings I can see?”

“Yes I have a whole folder full of drawings. Be right back.” She went down the hallway to her room. After a quick minute, she came back with this huge folder. She sat back on the counter and gave the folder to Kakashi. She said, “You’re free to look at them.”

Kakashi flipped open the folder and his mouth instantly dropped. There were pictures that were so real! It was like they were right in front of you! Kakashi looked through all of them. Finding pictures of Sasuke, Itachi, and then some other people he didn’t recognize.

Kira pointed to a picture in Kakashi’s hand. It was one of a woman and a man, in like wedding Kimonos. “That,” she said. “Is a free hand drawing of my parents wedding picture. My mom and dad liked the old Japanese tradition of wearing kimonos for your wedding instead of the traditional that they did just that! This is one of my favorite pictures that I have drawn.”

“Kira... These are... REALLY good! No, they’re not... They are amazing!”

She smiled. “Thank you. That means a lot to me.”

He looked and smiled back at her. “Hey I got an idea. Lets go walk around. You wanna come with me?” he held out his hand.

Kira smiled again. Getting up, she took it saying, “Yes, I would love that.”

They locked each others hands and left the house, locking it before they left. Kakashi said, “So Kira, where would you like to go.”

“Can we go by the river?”

He pulled her close, both of them still walking hand-in-hand. “Then the river it is.”

7 - The Good and The Bad

All around them, there was the brushing of leaves as the wind carried them across the ground, the beautiful glow of the afternoon sun, and the chirping of the birds. This was happening all around the two people called Kira and Kakashi.

They both walked out of the town towards the river. Where Kira wanted to go.

They kept walking, not talking but, holding each others firm hand in silence while just enjoying the view that was before them when walking.

“So, Kira,” Kakashi started saying. “Why do you want to go to the river?”

She giggled. “Cause I can!”

Kakashi nudged his shoulder with hers. “Is that the real reason?”

“No!” she laughed more. “I just like places like that during the fall. I prefer quite, places like rivers or something. Besides! It’s fun to stick my feet in and freeze them to death!” she giggled. “I used to do that when I was little.”

“I did that.... Until I tripped on a rock, broke my leg and got sick at the same time.” Kakashi said.

Kira looked at him. “Ouchies, that’s gotta hurt!”

He smiled then laughed. “Yeah it did. That’s why I never did it again.”

“Well you will cause I’m here!” That ended their conversation.

They walked on. Twisting and turning from the different streets that took them to get to the river. It took them about 2 hours because Kakashi took them to the one that was by the outside of the village.

At the waters edge, they stopped. Kira kneeled down and stuck her hand in the water. “BRRRRR!!!!” she said getting up and drying her hand off. “That’s cold!”

“Well Kira it is fall after all. Winter should be here before we know it.”

“I know but still!” All Kakashi did was chuckle. Kira sat down and began taking her shoes off. “What are you doing?” Kakashi asked her.

“I’m getting in the water.” she stood up.

“But you just yelled that it’s cold.”

She smiled and walked in the water. "Neh, I don't care. I'll get used to it."

Kakashi shook his head. "Ok, have fun." Kira stopped.

"What your not coming in with me?"

He looked at her. "No,"

Kira gave him her puppy eyes. "Please? For me?"

He stared at her; but not into her eyes. (And not on her chest either!!) "Sorry Kira."

"Fine," she pouted. She turned around the quickly turned back to face Kakashi and splashed him with water. "HAHA! You're all wet now!"

"Hey!" He splashed her.

She screamed cause it was cold. "Hey no fair!"

Kakashi laughed. "You stared it!" he splashed her more. And so did Kira.

When she wasn't looking, Kakashi took off his shoes, rolled up his pant legs and got in behind Kira.

Kira turned around. "Huh? Kakashi? Where'd you go?" All of a sudden, a pair of arms wrapped themselves around Kira's waist and pulled her backwards to a muscular chest.

"Well hello there Kira." Kakashi said, looking into her eyes.

She stared back then pulled away from him. She pointed her finger at him and said, "HA! See? I TOLD you that you would come in the water with me!"

"No you didn't..."

"Yes I DID!" she yelled, playfully though.

Kakashi laughed. "Your point?"

"No, point. I win though! Hahahaha...." Kira looked around and saw some rocks. She walked to one stood on it. She saw another and decided to jump to it. She jumped but, since there just had to be moss on the rock she chose, she slipped and flew a few feet in the air. Kakashi saw that she was about to hit the ground, so he used his ninja speed and caught her just in time in his arms.

Kira's eyes were squeezed shut but when she realized that she wasn't soaking wet or in pain, she opened them. Kakashi looked own at her, then walked back to where they left th their shoes. "You, Kira, need to be more careful." He set her on the ground.

"I'm sorry Kakashi...." she said.

“Hey it’s not your fault It was an accident!”

She smiled then put her shoes on. She giggled.

“What are you giggling about now Kira?”

She laughed more. “My toes are numb! Hahaha.” she stood up and looked around. “Well that was----” Kira didn’t say anything else.

“Kira? You ok?” Kakashi asked, looking at her. The only thing she did was point her finger to the top of a near-by hill. On the top of the hill, stood Itachi; he twin brother.

Kira started backing away. She whispered, “No...n---!” Without even blinking, Itachi had ran so fast that he had his hand around Kira’s neck; trying to choke her to death. “KAKASHI! HELP ME!!” she yelled, trying to brake free of Itachi’s grasp.

“Well hell my little sister... Did you miss me?”

“ITACHI LET ME GO!!”

“No my sister I will not! It’s is time for you to die now!” Before he could do anything, Kakashi punched Itachi right in the jaw. Causing him to let go of Kira, who fell to the ground; coughing and trying to catch her breath.

“KIRA!” Kakashi knelt down by her. “Are you ok?”

Kira coughed more. “Y-Yeah I’m fine!” Kakashi took her by the arm and helped her up. She looked over at Itachi; who was getting up as well. She winced as he fully rose and looked at her. She hid behind Kakashi’s back saying, but whispering so only he could hear her, “Kakashi help me please! I’m scared!”

“Kira it’s gonna be ok, I will not let him hurt you! I will protect you until I die.” Kira got surprised. She didn’t expect him to say that.

Itachi walked slowly up to them. “I know you are behind Kakashi, Kira...” he said in his low, scary evil itachi voice.

“Itachi what are you even doing here?!” Kakashi spoke up. “Just leave Kira alone she hasn’t done anything to you!” All of a sudden a large, invisible hand came and slapped Kakashi down to the grass. Knocking him out.

Kira screamed. “KAKASHI!!!” She looked at him then Itachi. She started backing away.

“So, Kira. My dear beloved twin sister...how long has it been since I last...Tried to kill you?”

“.....” Kira didn’t say anything. She didn’t want to.

“Oh come one Kira. You are scared of me.” He started getting closer to her. “Admit it.”

“No, never. I am NOT scared of you Itachi!!” she yelled at him.

“Fine then.” He pulled out his sword. Kira looked at the sword, the back up to Itachi.

“Are you now?”

OOOOOOOO WHAT’S GONNA HAPPEN?!

You will have to comment then I will make another chapter!! Haha im so evil!! -^_^-

back to what a real author would say, I hope you all like this chapter!

8 - War and Romance

Over beyond the river behind the village were 3 people. Kakashi, who was knocked out, Kira, and Itachi. The only sound was the silent washing of the river and the shallow breaths coming from Kira. She WAS scared of her brother and she knew it. She just didn't want to show her fear to him, as a result of him killing her.

"Itachi, leave me alone...I have done nothing to you!" Kira yelled at him.

"Kira! Your existence has bothered me ever since we were little! You getting all the attention, being born the "special child" in the family...and you getting MY Sharingan Eye!"

"Itachi I got this eye from genetic genes from my mom! It's not my fault they didn't do to you!" All Kira wanted to do now was scream.

She looked to the ground at Kakashi and noticed that he was starting to wake up! She knelt down by him, and pulled him up; holding him so he wouldn't fall. "Kakashi! Are you all right?"

He groaned and grabbed his head where he was hit. "Yeah... But my head frackin' hurts! Itachi! Get the hell outa here and stop trying to kill Kira! If you do I'll protect her and fight you myself!" Kakashi screamed.

Itachi just stared at the two of them. "Awww, did my little sister go and find herself a boyfriend? Hmmm, won't matter now. You shall die" He ran towards her and she was thrown 20 feet behind them. She screamed and landed on the ground with a "THUD!"

"KIRA!" She got up and wiped some blood that started to drip down from her mouth. She crouched down, ready to fight Itachi. Brother or not she was getting sick of him.

"Itachi, this will be a quick fight! And you're the one who is going to die not me!!!" she ran and pulled out 5 Kunai Knives, 2 in each hand, and 1 in her mouth. She ran and when Itachi turned so she would run passed him, she flipped backwards and got behind him and stabbed him with one of the knives.

Itachi, being as strong as he was, felt no pain what so ever. So he used his elbow and punched her stomach. (Which, personally, is not a fun place for a woman to get hit >.

9 - War and Romance (CONT.)

He then grabbed her arm, twisted her around so she was facing him, and punched her square in the face. He kept punching and kicking her until he threw her across the grass.

Kakashi, getting sick of seeing the girl he liked getting the shoot beat out of her, jumped behind Itachi, and slashed a Kunai knife right across his throat. Apparently this did no damage because Itachi then threw Kakashi across his shoulder and once he hit the ground, used a spell that froze Kakashi in his place. He couldn't move at all.

Kakashi moved his eyes to see Kira struggling to her feet. Blood was now running down her mouth and it looked like her arm was broken. She was having trouble walking and keeping her balance. She said, "Itachi, just go...AWAY! I don't want to see you anymore!"

Meanwhile, Kakashi was whispering to himself, a counter-curse that would get rid of the spell so he could move again. But with Kira and Itachi... it wasn't going well.

Itachi walked up to her and grabbed her throat again. "I will end this now." he pulled out his sword and, without even thinking twice about what he was about to do, he stabbed Kira in the stomach.

Kira screamed and when her head fell, Kakashi, apparently broke the curse, ran up to Itachi and yelled, "SPIRIT DIMENSION NINJUSTSU!!!!" Itachi stared at him then a black hole appeared beneath him and pulled him into the world of the spirits. Leaving Kira, who before Itachi left, threw her once again to cause more damage, and Kakashi only once again.

Kakashi knelt down, trying to catch his breath. "That..... took a lot of my energy!! But it was worth it..." he looked around, trying to find where he threw Kira. When he finally spotted her, he jumped towards her and nearly threw up.

She had cuts all over her body, and bruises already started to form on her beautiful form. Her left arm was defiantly broken because the bone had entirely broken off and had pinched through the skin, poking out. Her right leg was at a crooked angle, so it was also broken.

Kakashi was on the verge of crying. He did not want this to happen to Kira. He picked her up, very gently, and jumped their way to the hospital. "Kira, please..... Don't die on me.... I said I would protect even if it had cost me my life...and I failed....don't die cause I haven't had the chance to tell you how I really feel about you!"

10 minutes later they arrived and Kakashi went through the emergency room. "We need a doctor to see her now!"

A nurse looked at her. "Oh dear what happened?!"

Kakashi didn't know what to say! Was it ok to say that Itachi attacked them? "It was an accident."

“DOCTOR! WE NEED ASSISTANCE RIGHT AWAY!” Someone, Kakashi assuming it was a doctor, brought out a stretcher and kakashi put kira on it. He told Kakashi, “You wait out here! We need to do some test and patch this girl up!” he turned towards the nurse. “Get him fixed up as well.”

“What? I’m fine!” Kakashi said. “Just let me go with Kira.”

“No!” the doctor said. “We need no one in there! We have to perform surgery right now! I will let you know when you can come in here!” The doctors that came to help fast walked Kira to a surgery room.

The nurse pulled Kakashi to a room and she made him sit down on the bed. “Come one dear... Everything will be alright!” She brought over some Q- Tips, Rubbing Alcohol, and bandages over to the bed.

Kakashi touched his face. “Am I really that bad?”

“Not as bad as the girl.. Kira? Yes, not like her but....” she dipped a Q-Tip into the alcohol and then rubbed Kakashi’s cheek. It burned but he didn’t move but boy did he wince. “You’ve got some pretty good cuts on your face.” (If it sounds like kakashi doesn’t have a mask on...well he DOES have it on...I just wanted to make that clear. In case you were confused.)

She cleaned and bandaged them. She then showed Kakashi the waiting room where he sat and waited. For about an hour he sat and just stared at what was around him. He checked the clock. It was only 1:07 p.m.

He was still staring when he accidentally fell asleep. After what felt like forever, Kakashi felt a hand upon his shoulder, shaking itl trying to get him to wake up.

His eyes opened and he noticed it was the same doctor that took Kira away. He told him, “Mr. Kakashi sir..... She is fine. The surgery went great. She is in the recovery room as we speak.” he smiled. “And she is waiting to talk to you.” He led Kakashi to Kira’s room and he let himself in.

Kira was sitting on a bed with her back up, her arm all wrapped up. Same with her leg. Some of her deeps cuts were sewed and some were just cleaned. She was looking out the window; a perfectly clear tear falling from her face and down into her lap. He walked up to her side.

Kira heard his foot-steps and looked up at him. More tears falling from her face. Kakashi stared at her. “Kira I.....”

She put her right hand to her face and cried. And in between sobs she said, “Kakashi I am SO sorry! I never wanted you to get involved in any of this! Please don’t hate me for the pain I have caused you!” She cried more.

Kakashi was taken back. She was....sorry! Oh no.... “Kira! Get that nonsense out of your head!” He put one hand on one side of her face on the other hand on the other side. He forced her to stare at him. “Kira I am NOT blaming you for NAY of this.... NON of this is your fault so don’t go thinking that it is. It’s mine that your all hurt like this.... Because I said I would protect you till I died... Well I broke that promise.”

Kira just looked don the back up to him. She whispered, "Why did you say that you would protect me....?"

Kakashi looked at her. "Because Kira...." he sighed. "There is something I need to tell you." He moved in front of the window (but still by the bed. He just moved on the other side of it.)put his face close to her's, pulled down his mask and kissed her deeply.

Kira's eyes widened, but, surprisingly to Kakashi, she kissed him back.

He pulled away but only by a few centimeters. "Because... I love you Kira.... ever since the day I met you..."

With her right hand she lightly grasped Kakashi's chin and pulled his face close to hers. "Ever since that day I have laid eyes on you, I have loved you Kakashi. I've dreamt about you since I have started living in your house!" she started blushing. "I love you...."

Kakashi dipped down and kissed her again. Forgetting the pain, forgetting Team 7, everything! The only that mattered to Kakashi was that beautiful creature called Kira sitting, and kissing him.

10 - The Reason Why This Happened

The sun shone through Kakashi's window the next day. Not as many birds were chirping now, as summer was long gone, fall was about to end, and winter was just around the corner. They had started hibernating.

Kakashi sat up as he wiped away some sleep from his eyes. He pushed the covers up and stretched as he got up. "I just realized something," Kakashi said, talking to himself. "Team 7 doesn't know about Kira being hurt and being Hospitalized..... I'll take them there so they can visit her.... I wonder how Sasuke will take this..."

After taking an hour to shower, dress, and eating breakfast, Kakashi soon headed towards to bridge to greet his team.

~ + Bridge + ~

Team 7 was already waiting by the time Kakashi had arrived. Naruto was the one to first hear his foot-steps. He pointed his finger to him and yelled, "YOU ARE LATE AGAIN!"

Kakashi waved his hand. "I know.... I was taking a nice walk before I came here."

Naruto squinted his eyes. "You're lying...."

Sakura looked around. "Sensei.... Where is Kira?"

Kakashi looked at Sasuke. "That.... yeah I need to talk to you guys about her..."

Sasuke's eyes jumped up at Kakashi and he looked worried. "Is something wrong with her?!"

Kakashi stared at him. "Yes..... and no...."

Sasuke ran up to him. "Tell me what is wrong with her!!"

"Sasuke calm down... she is fine.... now, come on. I will explain everything on the way to where we are going."

Sasuke stared down; looking as though he might cry. "Alright but tell me this: Where are we going.....?"

Kakashi turned and walked away. "To the hospital...."

They all followed him.... Sasuke up closer to their Sensei than Sakura and Naruto.

~ + The way there + ~

“Kakashi Sensei....” Sasuke said, looking up at him. “Is Kira alive?”

“Yes Kira is alive....she is not deadly hurt but...she has some injuries.”

“Like what?” he asked.

“Lets see,” Kakashi said to him. “She has a broken arm, a broken leg, she was stabbed in the stomach. She also has many bruises; big ones. And cuts everywhere.”

Sasuke’s widened his eyes. “What..... HAPPENED to her!?”

Kakashi stopped and grabbed Sasuke’s shoulder. “I’m not sure if I should be the person to tell you that..... Come one.....” he looked at Sakura and naruto. “We’re almost there.”

~ + Hospital + ~

Kakashi and the rest of them entered through the double doors. The nurse at the front desk saw them. “Can I help you?” she asked. She then saw Kakashi and instantly knew what was going on. “Just go right ahead Kakashi. You know which room it is.”

“Thank you,” he replied.

They took the stairs to the 3rd floor; to room 314. Kakashi opened the door to see Kira looking out the window...Just like they day before.

Kira turned her head and saw all of them. Staring at her.

Everybody walked towards her except for Sasuke. He stayed by the door

Sakura took one look at her and then hugged her tightly. “Kira are you ok!?”

“Yes Sakura I am fine but can you...possibly let me go? I can’t breath.”

She did. “Sorry!”

Kira smiled. "It's no biggie. Don't worry about it."

Naruto went up to her. "Uhh, Kira I have something for you." He held out a red rose. He gave it to her. "I found it for you."

Kira smiled even more and took the rose from him. "Oh wow! Thank you Naruto! I love it!" she placed it on her stomach and held it there.

Kakashi looked at Naruto and he smiled himself. 'Wow, usually Naruto would never do a thing like that. Does he like her? Hmm....I doubt it...' he thought.

And finally, getting to the courage to do so, Sasuke walked up to everyone else. HE asked, "Um, Naruto, Sakura, if it's ok, can you guys please.... leave the room for awhile?"

Naruto just stared at him. "Why?!"

Sakura saw Sasuke's hurt face and punched Naruto; who fell to the ground.

"Sakura why the hell did you hit me?!"

"Just come on Naruto!" she grabbed his collar and pulled him out of there.

Once they were gone, Kakashi turned to Sasuke and asked him, "Would you like me to go to?"

It took a moment for him to answer. "No I..... I'd like to hear it from both of you."

Kira looked at both Sasuke and Kakashi. "Sasuke, brother what is going on? What's up?"

Sasuke walked over to Kira's side. "Kira..... On they way over here, Kakashi told us that you we're hurt and what your injuries were. But he.... he did not tell us HOW this happened." He stared at both of them. "I should be able to know what happened."

Kakashi sat against the railing of the window; watching the 2 siblings.

Kira sighed. "You really want to know who did this to me?"

Sasuke nodded. "I want to know who hurt my sister. My best friend."

She sighed again. "Alright, I'll tell you the story that led up to it." Sasuke nodded, agreeing to what she was doing. "Ok, yesterday morning, Kakashi made me breakfast after that, we took a walk together. I wanted to go by the river so Kakashi took me to the one on the outskirts of the village. The one with the big plain by it you know? Well," She cleared her throat. "Me and Kakashi were having a water fight when a slipped on a rock and he caught me before I fell into the water."

"That's right." he said.

Sasuke looked at him while he said that.

"Yeah. The he set me back on the back and we were putting our shoes back on when I saw 'him'."

"But..... 'him' who Kira?" Sasuke asked.

She looked down. Afraid to tell her brother who the 'him' was. "It was..... my twin." she looked at Sasuke. "It was Itachi.... He came and did this to me."

Sasuke backed away some. He whispered, "No..... no it CAN'T be!!"

Kira didn't look at him. She just, turned her head and looked at the window again.

"But where," Sasuke started to say. "But where is he now?"

"Well see that is where I come in." Kakashi took a step forward.

"You?" Sasuke asked.

"Yes me." Kakashi said, bluntly. "You should be happy. I saved your sisters life."

"What did you do?"

"I used my special Spirit Dimension Nin-Justsu. It sent him to the spirit world. I have only sent 3 people there, and not one has ever come back. So I highly doubt Itachi will come back."

Sasuke looked at him. "Thank you Kakashi... You don't know how much that means to me." He then bent down and whispered in Kira's ear, "Kira scoot over a little."

She did and Sasuke sat down next to her and wrapped his arms around her neck. "Oh Kira... I am so glad your alive and not dead."

Kira wrapped her right arm around her little brother. "Oh Sasuke. I thought you were still mad at me."

"I'm not. Forget that little fight we had. All I care about right is that you're ok!" he snuggled close to her. But not to hard in fear of hurting her left arm. (The broken one)

Kakashi looked at the 2 of them. He looked at Kira and she to him. "I love you," he said, using only his lips; no voice.

She did the same. "I love you to Kakashi." She smiled at looked down at her brother. Using her voice this time she said to Sasuke, "I love you little one....."

But Sasuke didn't say anything because...he fell asleep.

11 - The Question

After about a 2 months later, (it was October when the accident happened and its now december) Kira was let out of the hospital. It was the stab wound that they made her stay longer. As Kakashi and Kira walked out of the Hospital doors, Kira ran up a little ways, and twirled around.

“YAY! No more being hospitalized....!!!” She said while she kept twirling.

Kakashi went up to her and grabbed her waist; pulling her to him. “Yes, no more of you being in the hospital and me having to be all.... *alone* in my house...” he gave her a sad face.

“Ohhhh.... Kakashi...” she kissed him lightly on the lips. “Don’t worry.... now that I can go back home with you, you won’t be all, *alone*.”

He twirled her in his arms. “Really..”

She took his hand and they started walking home. She smiled at him. “Yes, really.”

“So, how did Sasuke take the news when you told me we were together?” Kakashi asked her.

The both walked hand-in-hand. Side-by-side. Neither on going to slow or to fast. It was just about to be sunset, so they walked a little faster. Trying to get home before night-fall.

“Oh, well he was ok. Very surprised that I told him it was you but... He said that I can choose whoever I want. And I told him I did.” She looked at Kakashi. “I chose you.”

He smiled. “No I chose you first.”

She playfully punched him. “No I did!” she giggled.

He rubbed the spot where she ‘hit’ him. Trying to look as through it DID hurt him. She looked at him.

“That didn’t hurt.”

“Yes it did! I can already feel a bruise coming on....” Kakashi poked the spot. “OUCH! See?”

Kira leaned over and kissed it. She laughed and smiled. “Better?”

“Oh course my love.”

~ + ~ 10 minutes later ~ + ~

By the time they reached their home, it had gotten darker. They both plopped onto the couch and just sat there. They sat there, staring at each other and holding hands.... Intertwining them.

Kira looked at Kakashi and just... smiled. It felt good to her knowing that there was a person in the world who cared...and loved her for who she was. She liked the feeling and wanted to keep it forever.

"Um Kakashi I need to tell you something. I just haven't had the chance to do so yet."

"Yes Kira? What is it?"

"I... never got the chance to..." she blushed. A little embarrassed as to what she was gonna say. "To thank you for saving my life that day. Thank you. It meant a lot to me. If you didn't do what you did, I wouldn't be here right now."

Kakashi cocked his head and smiled. He then pulled Kira as close to him as possible and wrapped his arms around her. Kira laid her arms on his chest and along with her head. "Oh Kira.... I thank you for your thanks but... there is no need to thank me!"

"Yes there is Kakashi. You saved my LIFE!"

"Ok, yeah I get that but..." he looked at her then kissed the top of her head. "I would do anything for you my sweet."

Kira blushed even more then pushed her head into Kakashi; giggling and trying to hide her beat red face.

"Whaaaa? Kira? Are.... Are you blushing?!" Kakashi tried to pull her face away but Kira wouldn't let him. "You ARE, aren't you?"

"Nooooooooo!!!" she yelled.

"Yes you are." he finally got her to pull away but he grabbed her hands right as she pulled them to hide her face.

"NO! I am not blushing!!!"

The only thing Kakashi did was smile. He pulled down his mask and kissed Kira. He pulled back saying, "Don't be embarrassed..... You look beautiful."

With that Kira blushed even more.

"Oh that is so cute... I make you blush!" he looked at her

"What about me? Do I make you blush?" Kira asked him.

Kakashi pulled his mask up. "You may never know."

“Oh yes I will!” She went to pull his mask down but he jumped off the couch and landed behind it.

“No you won’t baby!” he ran to his room.

“Kakashi!” Kira jumped up and ran into Kakashi’s room. She stepped inside and saw that he wasn’t there. “Huh? Kakashi?! Where’d you go.....” She saw the window was open so she went over by it. She looked outside but saw nothing of her boyfriend. “Where did you GO!?”

She turned around and walked to the end of the bed when... BAM!

Kakashi burst out of the closet and pushed her down onto the bed. Kira screamed.

“Kira!” Kakashi laughed. “Calm down it’s just me.”

Kira closed her eyes and went limp. “That.... was MEAN!” she punched him. Hard.

“Yeah..... I know....” He smiled at her, laid her down on the bed with himself over her. Kakashi leaned down, Kira pulled the mask down, and he kissed her. “I love you Kira....”

Kira smiled. “I love you to Kakashi....”

He sat next to her, his arms wrapped protectively around her. An both Kira and Kakashi fell peacefully asleep.

~ + ~ The Next Morning ~ + ~

“Mmmmm.....” Kakashi groaned as he opened his eyes and saw some sunlight poor into his room. He looked in front of him and saw Kira’s sleeping face. Her chest silently going up and down. Kakashi smiled and, without trying to wake Kira up, got off the bed and went out to the kitchen.

After about a half-an-hour, Kira woke up; alone. She looked around and saw that Kakashi was gone.

“K-Kakashi? Where’d you go?” she said, groggily, wiping sleep from her eyes.

Kakashi appeared in the door-way dressed in a scarf and warmer gloves. Kira stared at him funny. “Where did you go? Why are you dressed like that?”

Kakashi laughed and walked towards her. “Just woken up and you’re already asking questions? Wow...” I went somewhere... and it snowed overnight sp it’s kinda cold outside.”

Kira jumped off the bed. “It snowed last night?!” she ran into her room and slammed the door shut. In 2 minutes she was fully dressed in warmer clothes then what she had on. She ran outside and jumped in

the snow. Kakashi looked out the window and saw her make a snow angel. He smiled. He liked seeing Kira happy.

Kakashi headed down the hallway to go outside. He put his hands in his pockets, feeling a box. 'What I'm about to do is gonna make her even more happier.' he thought.

Kira made a few more snow angels before she realized that Kakashi was now outside and was watching her. "Oh Kakashi! Isn't the snow fun!?" she laughed. "I love the snow! Winter is my favorite time of the year!!"

He smiled. He walked towards her and grabbed her arm. "Kira I.....I need to ask you something."

Kira's face was red from the cold and from what she had been doing. "Like what?"

"I...don't really know how to ask you this but....can you just...close your eyes for a minute?"

"Uhhh...suuure?" she closed her eyes and waited for what was going on.

Kakashi took a deep breath and knelted on one leg. He pulled out a little black box from his pocket, but held it behind his back. He then took Kira's left hand. "Ok, Kira you can open your eyes now....."

She opened her eyes. She looked confused. "Kakashi... what..... what's going on....?" she asked.

Kakashi pulled the hand holding the box from behind his back. He opened it and showed it to her. It was a silver ring with 3 diamonds on it. 1 slightly big one in the middle and 2 smaller ones on each side of it. He took it out of the box and put it on Kira's ring finger. (On the left hand of course)

"Kira Uchiha.... Will you do the honor of marrying me and become my wife?" He looked up at her and saw Kira bring her right hand up to her mouth. A single tear falling from her eye.

"Kakashi..... I... I'm speechless....." She smiled. "Yes... Yes of course I will marry you!"

He smiled and hugged her. Kira started crying but...they weren't sad tears.....

Kakashi wiped them all away and took her face in his hands. "Kira..... I love you so much...."

Kira pulled his mask and kissed him deeply. When pulling away she said, "Kakashi.... I love you to.... I always...." she went in for another. "Will....." they kissed again.

Standing there, in the snow, the 2 lovers held each other and kissed... Just holding each other tightly as can be.

After awhile.... it started to snow..... Just what Kakashi and Kira were hoping....

12 - Shopping and Old Friends

It was now April 30th. Kakashi had proposed to Kira 4 months before. They had scheduled their wedding to be on the 5th of June.

“Only 2 more months of waiting,” Sasuke said to Kira, as they were shopping for her dress.

Kira squealed. “EEEEEE I know!! I can’t wait!” She jumped in excitement. “But, Sasuke, are you sure you are ok with me marrying Kakashi? I mean, he is your Sensei after all.”

He looked at her. “And so are you. Once you marry him you’ll be our Sensei to. And Kira, like the other billion times I’ve told you, yes its fine! And besides,” He looked at her. “It’s your life, not mine.”

Kira grabbed Sasuke and squeezed him hard in a hug. “Oh thank you little brother!”

“Kira....let...me go! I can’t.....breath...!!!” She let him go.

“Uh, hehe, sorry Sasuke.”

Sasuke grabbed his side and rubbed it so it would stop hurting. “Fin, yeah sure ok,” he looked around to see where they were. “Ok, this better be the last store to find your wedding dress. If it isn’t this will be our 23rd store that we have looked in!”

Kira opened the door and stepped in. “Hey! You can’t blame me for wanting to find the perfect dress can you?” Sasuke only shook his head.

“Hello can I help you?” A lady came from around the corner. She was dressed as if she worked there.

“Yes, well as you can probably see,” Kira started telling her. “We—Or, “I”, am looking for a wedding dress.”

“Is there a certain kind of dress you were looking for?” she asked.

“Yes actually, I know what I want! I just want to find the right one.” Kira told her.

“Ok! Well that will help us out a bunch!” she stepped forward and offered her hand to Kira and Sasuke. Who both shook it. “I’m Shadow by the way. I’ll help you find your dress today.”

‘Shadow...Shadow... I know that name....’ Kira thought. “Wait.... Shadow... Are you, by any chance... Shadow Kinata?”

Shadow blinked. “Why yes I am. Do I know you?”

“Shadow! It’s me! Kira Uchiha!”

Shadow gasped. "No! Kira?! Is that really you?! Oh my gosh!" they both hugged each other. "Its been forever! How are you?!"

"I'm fine! Well," Kira smiled. "I'm getting married in 2 months!"

"Well yeah! But to who?"

"Hatake Kakashi." She said.

"No! Really? I never thought Kakashi would ever get married! I never thought he even wanted to get married either." Shadow told her.

"Well he did! And he is! To me!" Kira smiled again. "Oh Shadow! You remember my little brother Sasuke right?"

"Hi Shadow. Long time no see huh?" he said.

"Well well, it has been a long time! You've gotten bigger since the last time I saw you!" Shadow said. She turned towards Kira. "Wow Kira, you have changed so much. But now is not the time! We will have to find a day to go to lunch together! Now is the time," she clapped her hands together. "To find you you're perfect wedding dress! Now what kind did you want?"

"Well," Kira started, getting pretty tired of explaining the dress she hoped she would get. "I want it white, of course. And with no sleeves.... no sleeves at all. But it cuts up to about," she put her hand and made a line right on her chest. SO when she wore the dress there would be some cleavage. "You know what I mean? And it has to be long and no filly things. No puffs anywhere."

Shadow was trying to imagine the dress. "Hmmm. I think I have what your talking about. I'll be right back." she headed to the back. Sasuke and Kira looked at each other. After a few minutes of waiting, Shadow came back with a white gown on a hanger. "Well, come on. We're going to the back to where the dressing rooms are." she looked at Sasuke. "And there are chairs so you can sit down Sasuke."

"Yes, finally!" he said. The two girls laughed.

They headed to the back And Shadow opened one of the 2 doors and put the dress on a hanger on the inside of the slightly big changing room. "You ready Kira?"

"Yes!" Kisa said excitedly. She went inside and shut the door. Sasuke sat down in one of the chairs and waited patiently. After about 10 minutes Shadow came out of the room.

"Well?" Sasuke asked. Shadow looked at him then looked at Kira, who had just come out. Sasuke stared at her. "Oh my.... Kira....."

Kira smiled. Shadow pulled her hand to the bit 3-way mirror that was on the other side of where Sasuke was sitting. Kira went up to it and just kept smiling. On her it looked beautiful. It was just long enough

and it was just low enough for Kakashi. Just what Kira was looking for.

“Oh my.... god..... This is.... This is the dress of my dreams!” Kira said. She twirled around; looking at herself in the mirror. She took her hair out of her pony-tail and ran her fingers through it.

“Kira you look..... so beautiful!” Shadow said to her.

Kira turned and looked at Sasuke; who just kept staring. “Well,” she looked down then back up to him. “What do you think?”

“Kira I think..... It’s amazing. I think it’s the perfect dress for you.” he said.

“Good. ‘Cause I think so to!” She looked at Shadow. “I would like to buy this dress please.”

“Oh very good! Now one question: Do you want a veil?”

“Oh, I didn’t even think about that. You have a few I can try?”

“Yes I do. And I think I have one that will go perfectly with the dress.” Shadow went to the back and came back to the; carrying a white veil. She went up to Kira, put it on her head, and stood back. Kira looked at herself again. She put the veil over her eyes; just as it would be before she and Kakashi would kiss. “Ok, can I get out of this? I want to keep it as clean as I can.” They went back and took it off. While coming out, both Shadow and Kira were talking. Kira was doing the talking now.

“I’d like the veil to.”

“You sure?”

She smiled. “Yes, I’m sure. I love the dress and the veil is just beautiful. Can you guys hold it for awhile?”

“Yes we can. When will you pick it up?” Shadow asked.

“Um, tomorrow I can. And I was wondering if you wanted to got to lunch with me and we can go shopping for other stuff I need.”

“Yeah I’d love to! What else do you need?” asked Shadow.

“Well, I want to find a necklace, some nice long gloves that go up my arms, and I need to look for my bride maids dresses.”

“Yeah sure I can help you find all of that. Say tomorrow around, oh... noonish?” Shadow asked.

Kira held up her thumb. “Sounds good to me Shaddy!”

Shadow laughed. “Man I miss you calling me that. Well, I’ll go hang this up and keep it for you. So I’ll see you tomorrow?”

“Yep! Bye Shaddy!” Kira said while her and Sasuke walked out the door.

+ ~ + Kakashi’s House + ~ +

It was now 7:30 and Kakashi and Kira were sitting at the dinning room table eating dinner together.

“So Kira, have you found your dress yet?” Kakashi asked her.

She smiled. “Yes I have!” she giggled.

“What are you giggling for?”

“Cause, it’s the dress of my dreams. And because of the person who helped me find it!”

“Oh? Who helped you?” He took a bite of his food.

“Hmmm, I don’t know if you know her..... Do you know Shadow Kinata?”

“Shadow huh? Yeah I know her. Her father is Dosu... I know both of them. Why? Is she the person who helped you?”

Yes! But I know her because we grew up together! She is only a few months younger than me. I haven’t seen her since I left.....”

“Ohhh..... Were you all surprised?”

“Yes!” Kira said. “Oh my gosh I am seeing so many people I was once knew!”

Kakashi smiled. He took her hand. “Well I’m glad you’re happy Kira.”

She smiled to. “Oh I just remembered! If it’s ok with you, Shadow and I were going to go out together. You know, go get some lunch and go get some other stuff I need.”

“Oh, yeah that’s fine. I’m having a meeting with team 7 tomorrow.”

“OH! So I need to be there then?” Kira asked.

“No cause I can fill you in on what’s going on. It’s just a meeting on what we’re going to do and what-not. But the day after tomorrow is when we all need to be there. We have another mission to do. But the Hokage said that after this one we won’t have anymore missions until we come back from our honeymoon. Then we both will be the Sensei’s of Team 7..... And we will also be...” he stared at Kira. “Husband and Wife....”

Kira smiled at the thought. She got out of her chair and sat on Kakashi's lap; welcomed by his arms wrapping around her. Hers around his neck. She leaned down, lowered his mask, and kissed him. "Yes, Husband and Wife....." She put her forehead on his. She whispered, "I can't wait."

"Neither can I.... neither can I...." He sighed. "Just a little over a month to go."

She pulled back and looked down at him. "You excited?"

"I cannot wait..... I never thought the waiting would be this bad."

"I know baby.... I know." Kira said to him.

13 - Shopping Day and Family

+ ~ + The Next Day + ~ +

Shadow and Kira met up the Ramen Shop. They sat at a booth in the back catching up on what has happened between the two.

"I cant believe it Kira. You have just.... changed so much since I last saw you! Which was what, about.... 5 years ago?" Shadow said, while taking a bite of her own food.

Kira said, "Yeah about 5 years. So, whats happened with you? Hows Dosu?" She, too, took a bite.

"Ah hes doing good. Getting a little older every year but, he is still my loving father. He misses you."

"Really?"

"Yeah! I called him and told him about yesterday and he screamed, `WHAT!? Kiras BACK!!! You have to bring her to me!! and I was like `ok so. Yeah before we go home you need to see him. Or he will find Kakashi and bug him until he lets him see you."

Kira laughed. "Dosu hasnt changed one bit now has he?" She giggled. "He always did like me."

"Maybe thats cause you were my only girl best friend."

Kira smiled. "I think you have a point there Shaddy..." They both finished eating about 20 minutes later and left.

"So what all do you need Kira?"

"Well," Kira began. "I need to pick up my dress, but I want to save that for last. I need some gloves that match the dress, earrings, a necklace, and I need to pick up my brides maids dresses."

"But," Shaddy looked confused. "Yesterday you said that you NEEDED to look for brides dresses. Did you go out last night?"

"Yeah me and Kakashi went out after we had dinner last night..."

"Awwww...." Shadow said.

"What are you "awwwing" about now?" Kira asked, as they walked down the street.

"You and Kakashi are so cute together..." Shadow said, pulling on Kiras sleeve.

"I know.... Iruka tells me that all the time."

"Ok, so back to the bride dresses thing."

"Oh yeah, Kakashi and I bought them last night. We just need to pick them up. Oh yeah I forgot!" Kira turned towards her friend. "Shadow, will you be my Maid of Honor?"

Shadow's eyes opened. "What? YES!! DUH!!!! But why me?"

"Well, you're my best friend, you're the only real friend I have here. But, Yay! You're gonna be in my wedding!"

"I'm gonna be in your wedding!!" The 2 friends started dancing down the street.

~ + ~ SHOP ~ + ~

Kira and Shadow walked around the entire show. They found the perfect pair of gloves. They were now looking at jewelry.

"Oh my gosh! Shadow I think I have found it!"

"Found what Kira?" Shadow asked.

"The perfect necklace!!" Kira took it off the rack and put it against her neck. It was a silver gold chain with 2 "Ks" in the middle forming a heart. "I think it's perfect because both our names start with Ks!!" Kira jumped in joy.

"How the hell you found that I do not know but hey! It works and you seem to love it! Are there matching earrings?"

"Um, I do not know.... Hold on." Kira turned to a lady who was behind the counter. "Excuse me but, do you have matching earrings to go with this necklace?"

The lady looked at her then the necklace. "Hmm, not one like that but I think I have something you will like." She went under the counter and brought out an earring that was a K but it was half a heart...but was also the letter "K".

"OOO I'll take those!! Please?"

"Sure thing! Are you ready? You can buy all your stuff up here if you want."

"Oh! Yes please!" Kira giggled.

"Yay! Everything is done! Now I just have to wait until the big day!"

"Which, being how fast this year has gone by, wont take that long."

"Yeah I know." Kira and Shadow left the store, paid and picked up her dress and headed to Dosu house. Shadow knocked on the door.

"Dad!! Its me Shadow! Open up someone is here to see you!!!" Shadow yelled through the door.

Dosu opened the door and Kira disappeared behind Dosu in a hug. "HI DOSU!!!!" Kira hugged him back.

"Oh my god Kira!! Its so nice to see you again! I hear youre getting married! To Kakashi huh? Yeah he was telling me about it today."

"You saw him?"

"Yeah he was taking a walk and we started talking. He misses you."

"But Ive only been gone a few hours."

Shadow spoke. "What do you expect? He loves you Kira."

"Yeah...he does..." she said.

"Well then you better be getting home!!" Dosu started pushing her home.

"Wait Shaddy! Can you keep my dress till the wedding? Cause the groom isnt supposed to see the dress till its the right time and im not getting ready in my house....Kakashi is..cause its his."

Dosu said, ""Yes but after youre married itll be yours to."

"Yes Kira I will. Here," she took the dress, necklace, everything. "Ill keep them safe. Well discuss more later?"

"Oh course!! Ill come by in a few days. Team 7 has their last mission tomorrow before the wedding so.... yeah I need to be there."

Dosu pushed her more. "GO!! He is waiting for you!"

"Im goin Im goin!! By you guys!" she waved and left.

~ + ~ Home ~ + ~

When Kira got home Kakashi was sitting on the bench outside. He looked up and when he saw her, smiled. "Kira.... Its my baby." he stood up and held her in his arms when she got closer.

"Yes, oh my Kakashi Im back...." they kissed.

"So! How did today go?" He asked.

"It was fun! I have everything so now we just have to wait until the day of the wedding!"

"Which is getting closer and closer with every passing second."

"I know...but time is still not fast enough. I dont want to wait another month." she smiled.

"RIB-IT!"

Kira turned around "FROGGY!!!!!" she ran and grabbed the frog. "Yay! I have a frog! Kakashi! Can I keep him? PLEASE???"

Kakashi smiled and laughed. "Oh, alright. Hold on Ill go get a bowl." He went inside and after 5minutes, he came out with a big fish bowl and it had nice frog water in it. Kira placed the frog in it and watched it swim around. She giggled.

"Interesting.... A pet frog huh? I was hoping for a...." he opened the door and pulled a tan basket out. "A puppy...." Inside was a Dalmatian puppy. Probably only about 3 weeks old.

"Awww Kakashi!!" Kira carefully picked up the puppy and held it like a baby. "Its so cute!"

"Its for you. An early wedding gift. I hope you like it." Kakashi said to her.

Kira smiled. "Oh baby I love it thank you!" Kira kissed his cheek. She giggled.

"What are you giggling about now?" He took his finger and scratched the puppys head lightly.

"Were not even married and we already have a family! I think thats kinda cool! Dont you?"

"Yeah I think its funny to.... But," he put the puppy in the basket and grabbed Kiras waist. "I dont know about you but, I want to actually HAVE a family.... With you..."

"You are not the only one...." They kissed again. After awhile. Kira pulled away and grabbed the basket and Kakashi grabbed the bowl. "Come on! Lets get our new family members inside!"

They both went inside and Kakashi put the bowl on the counter and Kira sat down and picked up her puppy again. "Kakashi, is this for me or is it both of ours?"

"Well," he sat down next to her. "I got it for you. As a gift, but.... If you want it to be both of ours I do not mind."

"Then its yours to!" Kira smiled. "Hmm, what should we name...?"

"Her. I made sure to get a girl." Kakashi said.

"Its a girl? Yeah even better!"

"Hmm what about... Roxy?" Kakashi asked.

"Roxy? Hmm Roxy..." As soon as she said that, the puppy looked up and did a squeak that should be a bark.

"Well, well..." Kakashi scratched the puppies head. "Looks like it knows its name."

"Wow..... smart puppy." Kira laughed.

wow...I just realized...im almost done with this story!

YAY! Then I can move onto the sequel!!!

14 - Their Last Mission

It was now the day of their last mission. Kakashi and Kira had already left the house and were on their way to the school to meet up with Team 7.

"So Kakashi, what kind of mission do we have today?" Kira asked as she took his hand and wrapped hers around.

"Oh, nothing major," he intertwined his fingers with hers. "Its not like a death mission like the one we did 2 months ago. Just something small."

"Like what?" she asked.

"Hmmm," Kakashi was trying to remember. "We have to get this.... cat out of a tree...or something like that." Kakashi saw Kira's expression. "The Hokage said he wanted something that was simple and easy so none of us would get hurt and it would delay our wedding."

"Oh, well that was sweet of him!" Kira said.

"I asked him that though."

"You did?"

"Yep! I didnt want anyone getting hurt on their last one because well, all three of them are in the wedding so yeah...."

"Oh Kakashi..." Kira kissed his cheek lightly. "You are so sweet."

"Anything for you my Kira." She smiled.

~ + ~ School ~ + ~

Kira and Kakashi walked through the doors into the Academy. They took the stairs to the 2nd floor and opened the door to the familiar classroom. They both saw all 3 of their team members inside. Sasuke, Naruto, and Sakura instantly turned their head when they heard the door open. Sakura ran up to Kira and gave her a quick hug.

"Hi Kira!" she said.

"Hey Sakura!" she smiled. Sasuke walked up to her.

"Its you....."

Kira squinted her eyes. "Its well.....you...."

Sasuke smiled and hugged his sister. "Hey Kira..."

Kira hugged her brother. "Hello Sasuke!!"

"Awwww...." Sakura said.

"Ewww..." Is what Naruto said. All of a sudden a chalk board eraser was thrown and it hit Naruto right in the head. "Alright who threw that?!" He looked at Sakura, who pointed at Sasuke, who pointed at Kira, who eventually pointed at Kakashi. He blinked.

"What? I didnt do it...." Kakashi said. His hands were behind his back.

"Right...." Everybody said and laughed. Kakashi started laughing to.

"Come on you guys, lets go." They all headed through the hallways and out to the front of the school.

+ ~ + 2 Hours Later + ~ +

"I am so happy!" Naruto jumped in the air.

"Whats wrong with you now?" Sakura asked him.

"I didnt get beat up this time!!" Naruto smiled his Naruto -Smile. He looked at Kira and winked at her. She winked back. Kakashi saw this and thought, `Hmm I need to have a little chat with her about that. I want to know whats going on..."

"Alright you guys, this was your last mission till after the next 2 months and you guys did very well."

Sakura said, "Kakashi Sensei, Kira Sensei!! Are you guys excited?!"

"Excited for what?" she asked.
